Kangarootime

THE LEADING ALL-IN-ONE CHILDCARE SOFTWARE

OPTIMISE YOUR CENTRE

GROW YOUR BUSINESS

With our easy to use all-in-one tool, you will manage your entire business, providing you more efficiency to expand your business.

SAVE TIME FOR WHAT'S IMPORTANT

We automate your business so you can focus on what is important—the little ones in your care!

BUILD RELATIONSHIPS

Engage with your parents and employees on a new level with Kangarootime's connectivity.
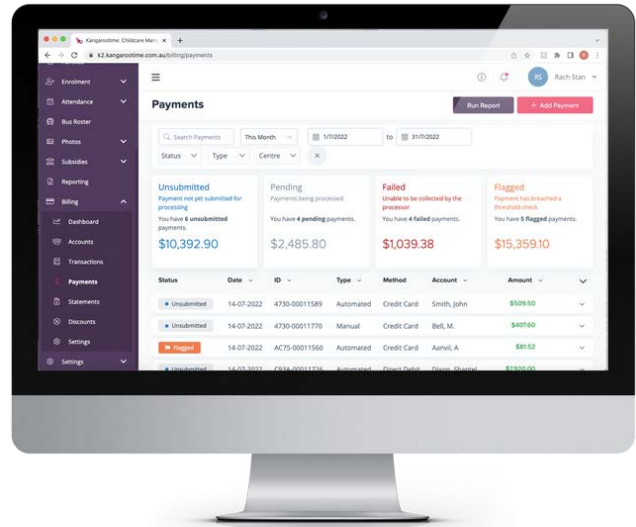

CENTRES

Manage and grow your business.

Automate your revenue cycle.

We automated the revenue cycle freeing up time in your busy schedule. We also collect fees for you with our automated billing statements, ensuring that there are no surprises.

Register your families digitally.

Manage your waitlist form enquiry to enrolment via our sophisticated software, keeping all your data in one place. Our enrolment forms are also customisable.
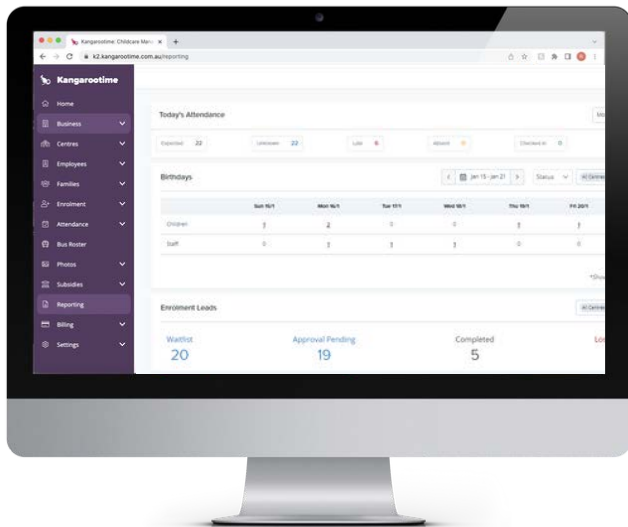

Manage your business efficiently and safely.

Receive reminders, medical alerts and an extra layer of encryption to every message, Kangarootime brings another level of protection to our users.

Monitor the health of your centres.

Our dashboard provides a powerful reporting tool for attendance, finance and enrolment leads to help you monitor the health of your business.

CENTRES

Efficiently manage subsidy payments + contracts.

Accurately automate subsidy billing + invoices.

This flexible tool is automated and takes into account important factors, including subsidy and funding.

### Avoid gaps in care with contract expiration reminders.

Our subsidy billing tool reminds administrators when ACCS/ISS contracts expire, avoiding gaps in care for families and loss of revenue for your centre.

Manage subsidy children's attendance.

Tracking attendance to ensure accurate reimbursement is made simple with Kangarootime. Administrators can save 3-4 hours per week just on tracking attendance.

Avoid revenue loss.

Gain deep insight within your business, helping you avoid unnecessary revenue loss from subsidy payments and allowing you to accurately financially forecast for your centre.

CENTRES

Subsidy Payment Features

Dashboards

A birds-eye view of your subsidy payments, due dates, and contracts expiring. Effectively monitor the health of your business with data and insights.

Billing Plans

Build custom billing plans for your centre tailored to your business processes.

Attendance

Digitally track the attendance of children who use subsidy payments as it impacts their fees. Track children who are at risk of losing subsidy due to reaching absent day limit.

Reimbursements

Automate the calculation of partial or zero reimbursements based on attendance and absent-day tracking. Project the amount and size of CCS/ACCS/ISS payments in real-time to help assess your centre's cashflow.

Create efficiency in your classes

Easily manage your class ratios and children's needs.

Our rooming module allows directors and teachers to easily monitor class ratios, locate each child and identify special needs like allergies.
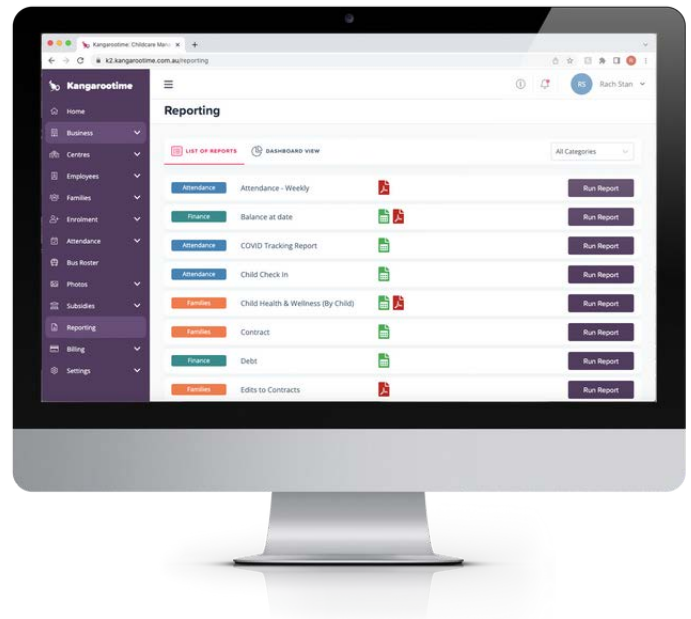

Empower your employees with digitised daily logs.

Capturing daily activities is no longer a challenge with Kangarootime's point of care feature. It allows educators in the class to update parents.

CENTRES

Centre Features

- CWA
- End of Care Tracking
- Casual Bookings
- Customisable Enrolment Forms

PARENTS

Watch your little one grow

Manage accounts on the go

Families can make payments, add payment methods, monitor direct debits and view their payment history all at their finger tips.

One less password to remember

Guardians can use their email or phone number to receive a verification code to access their profile, that's one less password to remember!

### Connect with their little one's care during the day

KT Connect also integrates with our Point of Care app. Guardians can stay up-to-date with their child's daily care. See photos and notes in real time when their little one meets a developmental milestone, enjoys a meal or snack, takes a nap, and learns something new!

View upcoming sessions, mark absences and make casual bookings

Families can view their child's upcoming sessions as well as mark absences without the need for a phone call or email. Increase parent satisfaction by offering the flexibility to book additional childcare days.
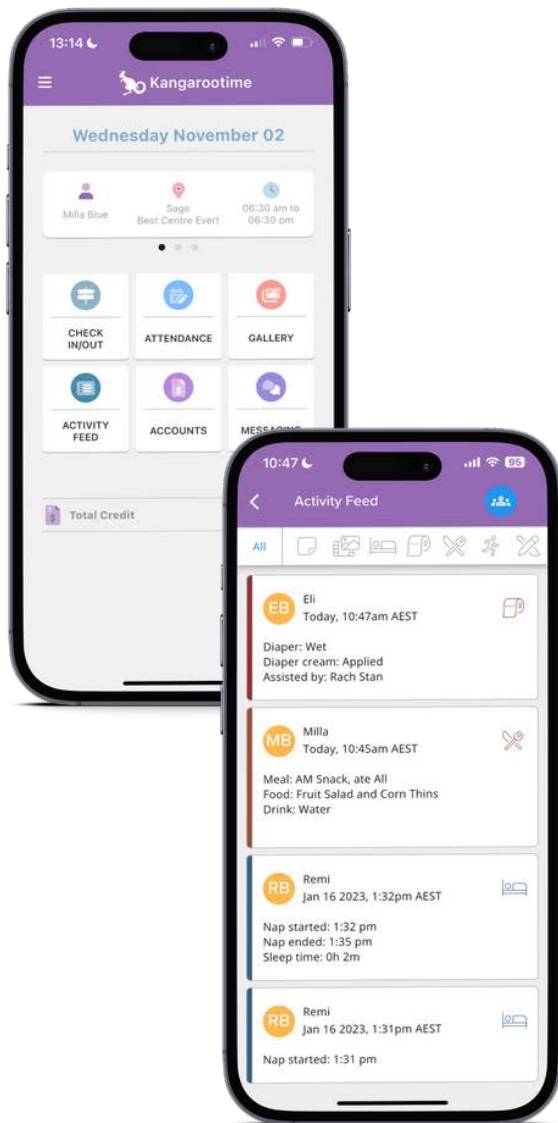

Fast and easy sign ins

Guardians can simply open up KT Connect on their phone, select the Check In/Out tile, and scan the QR code located on the Kiosk to sign their child in for the day! Children can be signed out of care the same way.

PARENTS

Parent Features

- Activity & Photo Feed
